

GreenScape Myanmar

Project Instruction Sheet (Group 2)

Project Title

GreenScape Myanmar – Inspiring Action for a Greener Future

Project Goal

This project encourages students to design a website that shares creative ideas for improving and maintaining cleaner, greener environments within the community. Students will learn teamwork, environmental awareness, and responsible website development.

Group 2 Members

- Khant Bhone Thaw
- Yati Hsu Mon
- Kyi Phyu Shin Thant
- Nyein Chan Oo

Group 2 Objectives

Group 2 is responsible for content enhancement and visual design improvements. The main focus is to make the site informative, visually appealing, and easy to read.

Assigned Tasks

Khant Bhone Thaw – Image Replacement: Replace images with new high-quality photos of parks or trees.

Yati Hsu Mon – Add “Our Projects” Section: Create three cards showing park or environment-related ideas.

Kyi Phyu Shin Thant – Color Scheme Update: Edit the CSS to use a forest-green theme (#2e7d32).

Nyein Chan Oo – About Section Content: Write a paragraph describing how communities can protect the environment.

Required Features

1. Responsive design using Bootstrap grid system.
2. Properly structured HTML and CSS files.
3. Meaningful environmental content.
4. Consistent visual theme (colors, images, and layout).

Step-by-Step Instructions

1. Download the base GreenScape Website Folder from your teacher.
2. Each member edits their assigned part using their own text and images.
3. Ensure that all edits fit the environmental theme.
4. Test the website in a browser to confirm that images and layout display correctly.
5. Commit your work using clear messages such as: feat(content): added new About paragraph by Nyein Chan Oo.
6. Submit your final GitHub repository link by December 11, 2025 (11:59 PM).

Website Section Summary

Home – Campaign slogan and introduction

About – Awareness content written by students

Projects – Cards showing ideas for community improvement

Contact – Form for contacting the GreenScape team

Evaluation Criteria

Content – 15 pts: Clear, original, and relevant ideas about environmental care

Design – 10 pts: Consistent green color theme and organized layout

Technical Accuracy – 10 pts: Correct Bootstrap structure and responsive design

Collaboration – 10 pts: Each member’s contribution visible in commits

Creativity – 5 pts: Visual improvements and originality

Submission Checklist

- All images and texts are updated.
- Green color theme is applied.
- “About” and “Projects” sections completed.
- Each member commits their part.
- Repository submitted by December 11, 2025 (11:59 PM).
